CURRICULUM VITAE

Faldi Lluri

DATA SCIENTIST

WORK EXPERIENCE

Team Organizer

AI Collective · Tirana · 2026 - Present

› Run the local chapter of a global AI community - organizing meetups, lining up speakers, and getting people building together.

Full-Stack Developer & Researcher

QuantaCore · Tirana · 2025 - Present

› Project owner and full-stack developer of several web platforms, from simple company pages to more sophisticated web apps.

› Build the front end in React and Vite, the back end in Python/Django with PostgreSQL, and fold in AI for task automation.

Data Scientist

CardoAI · Tirana · 2023 - Present

› Fine-tune large language models with Hugging Face and Amazon Bedrock, then benchmark their answers against reference data through a FastAPI service I built.

› Develop MCP tools that extend Claude with custom, task-specific capabilities.

› Run training and benchmarking on Kubernetes with Kubeflow and Argo, using S3 for storage and MLflow to track every run.

› Clean and preprocess the raw text that feeds the models, and version the work in Git.

Web Developer

Tr3bit · Durrës · 2023

› Built and maintained business websites on WordPress, handling performance, security through Cloudflare, and hosting.

Programming Mentor

Epoka University · Tirana · 2023

› Taught first-year students the basics of C - loops, pointers, functions - mostly through worked exercises.

EDUCATION

Quantum Technology & Information

Aleksandër Moisiu University · Durrës ·
2024 - 2026 GPA 9.3 / 10.0

BSc, Software Engineering

Epoka University · Tirana ·
2020 - 2023 GPA 3.77 / 4.0

EARLIEREXPERIENCE

Machine Learning Intern - *DataMax, Tirana* 2022
Built ML models in Python and Jupyter, containerized them with Docker, and tested the surrounding APIs in Postman.

Front-End Intern - *ArkIT, Tirana* 2022
Built responsive interfaces with HTML, CSS and JavaScript, and prototyped screens in Figma.

3D Modeling Intern - *JustTech, Durrës* 2021
Produced technical drawings and part assemblies in SolidWorks.

Office Assistant - *Hotova, Durrës* 2020
Tracked production data in Excel and kept office documentation organized.

CERTIFICATES

› Supervised Machine Learning: Regression & Classification (DeepLearning.AI)

› Advanced Learning Algorithms (DeepLearning.AI)

› Data & Machine Learning Engineering internship (DataMax)

› Front-End Developer program (ArkIT)

TECHNICALSKILLS

ML & AI

Python · PyTorch · scikit-learn · pandas · spaCy · NLTK · Hugging Face · Amazon Bedrock · Gradio

AI Tooling

Claude (Code & Desktop) · Claude Skills · Prompt Engineering & Prompt Design

MLOps & Cloud

Kubeflow · Argo · MLflow · Docker · FastAPI · AWS S3 · Git

Web & Data

HTML/CSS/JS · Vue.js · PHP · WordPress · Shopify · SQL (MySQL, SQLite) · Figma

Tools & Systems

Jira · Confluence · DBeaver · Postman · Linux (Ubuntu) · Windows · Canva

INTERESTS

Football & futsal (university teams) · Volleyball · Gym · Drawing

DRIVINGLICENCE

Category B (since 2020) - comfortable with manual and automatic vehicles.
